The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages

the BIG inch

The ruled box above is one inch of advertising space. It measures one column wide by one inch deep. It looks kind of lonesome by itself. But think of it this way. When you buy one inch of advertising space in the Burbank Advertiser, you don't get just an inch of space. You get that space multiplied by our saturation circulation of 46,770. That's a mighty big chunk of space. And it does a mighty big job of selling. For a mighty little investment. Call us. We'll prove it.

*Out of Sight!*

*Out of Mind!*

*Out of Business!*

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

## A KINGLY RETURN ON INSURED SAVINGS

Crown Savings' phenomenal record of achievement in the savings industry is reflected in its steady growth. From its incorporation in 1944 Crown's philosophy has always been to provide maximum safety and maximum safety.

There are other reasons why so many have chosen Crown Savings. Among them is the strength of a sound, conservative management team which draws upon years of successful experience in the savings and loan business. And Crown Savings has consistently earned a higher rate of return on savers' funds. Since its founding Crown Savings has maintained a PERFECT RECORD of payment of earnings on each withdrawal.

As part of a long-established community, Crown Savings management has a sincere interest in the community at large, always taking an active role in community affairs and civic planning.

### SAVINGS PLANS

There are three general types of savings plans available at Crown Savings. All receive the same degree of insured safety.

1. Accumulative Investment Certificates are issued in passbook form in any amount. Interest is added to each account quarterly, and compounded daily.
2. Full-Paid Investment Certificates are issued in multiples of \$100. Interest is payable quarterly by check.
3. Minimum Term Investment Certificates are issued in multiples of \$1,000. Funds held 36 months or more qualify for bonus interest in addition to earning our basic savings rate.

### EARNINGS

Highest rate in the nation on Federal Insured Accounts. Paid from date of deposit to date of withdrawal.

### WITHDRAWALS

Crown Savings has always maintained a ready reserve of liquid funds to meet withdrawals without delay. Notice has never been required for withdrawals; however, the right is reserved, as provided by law.

### CONVENIENCE

Free postage on all save-by-mail transactions. Air-mail postage on all transactions out of California.

### INSURED SAFETY

Savings of each investor are insured up to \$15,000 by the Federal Savings and Loan Insurance Corporation of Washington, D.C., an instrumentality of the United States Government.

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.
